How to [know when the Lord is speaking](#) to you

1. *God's voice is life-giving*
2. *It feels like confirmation of what Scripture says but on the inside, as if The Scriptures came alive in your heart.*
3. *After having a quiet time and studying the Word of God with an open heart you have an innate, above-your-thoughts knowing of what God wants you to do.*
4. *In answer to your prayer you experience blocked pathways, dreams, feelings, inspirations, music, nature, symbols, tender mercies.*
5. *If it aligns with the Word of God, it is from God*

How to hear the voice of God?

STEP #1: You must yield yourself to the voice of God.

Yielding yourself to the voice of God is very important to hearing the voice of God because it is to the humble, that scripture says, that he gives grace. And the ability to hear God is a grace that He gives.

So in order for you to hear the voice of God, you must enable that grace to come to you through being humble. And that humility has to do with yielding, making him first place, making him the center of your life, not just in your thoughts only, but in your words and in your deeds.

And when you come into that place where God is at the center of your life, and you want to serve Him, and you want to know exactly what he wants you to do, that's when you're going to begin to hear his voice.

Because scripture in Hebrews chapter 11:6 says, that those who come to God must believe that He is and that He is a rewarder of those who diligently seek Him. In order for you to hear the voice of God, you must believe that He is and that He will reward you with his voice, with his intentions, with his desires, with his will.

And once you set up your life in such a way, where God is preeminent, where God is the main man, then you will be able to hear his voice.

And this you will see through your reading of the scriptures, because when you read the scriptures to get His voice, or to get His intent, or His want for a particular situation, you will indeed hear His voice.

So here's an exercise that I want you to try.

I want you to take out your Bible, and go to a familiar passage of Scripture, maybe Psalm 23, I want you to go ahead and read that scripture and as you're reading, I want you to take your time as you read. Take your time as you read, so much so that the scriptures can begin to speak to you.

If you're not hearing the Scripture, speak back to you, you're not reading it slow enough, read and read slowly.

Read slowly to hear the written word speak to you on the inside. When you get an impression on the inside that this is for you, or that this particular area of the text is for you, specifically for you right now in this situation, in this time, this is the voice of God speaking to you.

Why does this process work to hear God?

Because the written word that you read has to be entered into for you to hear the voice of God, because [God is Spirit](#) and His words are spiritual (John 6:63). God is real. Also, when you enter the word through meditation it shows that you believe that He is and that He will speak to you, based on Hebrews 11:6

Again, the Lord Jesus Christ said His Words are spirit and life, John 6:63. So to enter into the life of God, to be able to hear the voice of God, you must allow the scriptures to speak to you on the inside. This takes us to step two.

Step #2 In hearing God's Voice, you have to remember how inspiration from the Bible feels.

You must remember how it feels because how it feels will give you an understanding of who is speaking.

You know, sometimes in your day-to-day life, sometimes you get a thought or an impression, but you're not sure whether or not it's from God, or if it's from you, or if it's from the enemy.

By paying attention to how inspiration from the Word of God, the Bible feels, you will become familiar with the same feeling when it comes to you again, when you're not reading the Bible. And this helps you with your intimacy with the Lord in your day-to-day activities. Because God doesn't want you to be separate from him. He wants to be involved in every area of your life. He wants to speak in every area of your life.

When you're at your work, He wants to speak. When you're at your leisure, he wants to speak, when you're doing your house chores, He wants that still small voice to speak to you to give you instruction and give you revelation as to what to do and how to do it and what he wants to share with you.

He wants you to develop in your faith and this development in your faith comes as you hear the word of God. The scripture in Romans 10:17 says that faith comes by hearing and hearing by the Word of God there is not logos, it is Rhema.

Rhema is the proceeding word from God. In other words, it's the voice of God speaking to you, right now. He wants you to be able to listen to him to hear that small voice, but that comes through intimacy.

So again, you have to remember how inspiration from the Bible feels, you have to remember how that revelation feels, (how you in part recognize His Spirit) so that when you're in your day to day life, and you're not reading the Bible, that God can still speak to you and you can recognize that it is him.

Let's go to Step 3

STEP #3: In hearing God speak, you have to do what He says.

Doing what God says, is key in hearing the voice of God and growing in that ability to hear the voice of God, because one of the things that you will realize about God is that God gives you things little by little, he doesn't give you everything all at once.

So he may tell you to do this but he doesn't give you a clear understanding of why you should do it. But when you do it, that's when you get to know Him. When you do it, that's when you get to understand why you were supposed to do that. The doing allows you to hear more, the more that you do, the more you will, in fact, hear.

And the more that you do, though, is the *more confident that you'll be so that you can do what I do by giving [prophetic words for today](#) for The Body of Christ and more. And this takes us to step number four.*

STEP #4 - Grow in confidence in the Word of God that God speaks to you through the manifestation of What He Said.

So as God speaks to you, there will be manifestations that you will be able to see and verify.

This had to be the voice of God, this had to be very God speaking to me, because there was no way that I could have known this.

This confirmation that you get as a result of doing the Word of God gives you the confidence in hearing God.

Listen, and do what He says to do every day!

That's how you get to make this a lifestyle.

Step #5: You have to make this hearing of God's voice a lifestyle.

You have to make this hearing of God's voice a lifestyle, because it's in the lifestyle that you develop and grow in character because God not only wants you to hear Him speak in that inner voice that He gives you, he also wants you to grow in his character, He wants you to be conformed into His image.

And the more that you hear, and the more that you do is the more that you will become confident and assured that God is in fact speaking to you.

James 1:22-25

²² But be doers of the word, and not hearers only, deceiving yourselves. ²³ For if anyone is a hearer of the word and not a doer, he is like a man observing his natural face in a mirror; ²⁴ for he observes himself, goes away, and immediately forgets what kind of man he was. ²⁵ But he who looks into the perfect law of liberty and continues *in it*, and is not a forgetful hearer but a doer of the work, this one will be blessed in what he does.
